Dear Homeira,

Thank you very much for your kind email and opportunity to cooperate with the Iranian Football Federation.

As per your request to provide our VAR solution as a rental system for the matches in Iran in qualifying round of 2022 World Cup in accordance with the schedule you sent, unfortunately, we have to inform you that it is not possible to rent the VAR system.

Due to different restrictions and difficulties in planning caused by the current pandemic situation, it is not possible to send a team of specialists and the related equipment to each of the required matches.

In this regard, we strongly recommend that you contact our partner in Iran - Mabna Tose'e Mobin Company to purchase the VAR system for the Iranian Football Federation.

We are ready to answer all the questions you might have.

We wish you a good day and be safe!
